Tuning: Standard (Capo:1)

Intro

**Em D C G** x2

**Em D C G** (for every verse)

We re so dark by night, I am lost  
directions getting faded remember what you re taught  
she s so bright, i ll use her as light  
she s so much more than decoration

She can fly, and shes no angel in the sky  
she s a witch but she knows better not to take me when she flys  
and i miss how she looks me in the eyes  
oh this sounds like desperation

**C-G-Em-D C-G-Em-D**

if you re a bird then i m a bird  
\*but if you cant fly then neither will i  
\*cause then love is not the right time, to die

**Em D C G**  
her wings are spread, she s stuck here on the ground

**Em D**  
she s not heavy, she s my world

**C G**  
i ll carry her around

**Em D C G**  
i hear her breathing, that s my favorite sound

(Same as other chorus)

if you re a bird then i m a bird  
but if you cant fly then neither will i  
cause then love is not the right time to die

Bridge

(Same chords as chorus)

we still have our whole life to be with you and im done  
and make this life a good one

\*(Same chord progression but strumming changes and so does the chord variation,  
listen  
song to figure it out)

End
