Sleepwalking
Bring Me The Horizon
intro Am, C, G (x2)
Am
My secrets are burning a hole through my heart
And my bones catch a fever
Am
When it cuts you up this deep
It s hard to find a way to breathe
Am
Your eyes are swallowing me
Mirrors start to whisper
Shadows start to sing
My skin s smothering me
Help me find a way to breathe
Am
Time stood still
The way it did before
             Am
It s like I m sleepwalking
        Em G
Fell into another hole again
             Αm
It s like I m sleepwalking
Am
I m at the edge of the world
Where do I go from here?
Do I disappear?
Edge of the world
Should I sink or swim?
```

Your eyes are swallowing me

Or simply disappear?
