I used to be your girlfriend and I know I did it well  
Oh yes you know it s true  
You d call me Cinderella  
All you had to do was yell  
And I d be there for you

Here I am  
So try to forgive me  
I don t believe in fairy tales  
Here we are  
With nothing but honesty  
I ve had enough  
I m not gonna stay

I m sorry for running away like this  
And I m sorry  
I ve already made my wish  
Ah, But Cinderella s got to go

From time to time I d try to tell just what was on my mind.  
You d tell me not today.  
Come back, do that.  
Wheres Cinderella at?  
Was all you had to say

Here I am  
So try to forgive me  
I don t believe in fairy tales  
Here we are  
with nothing but honesty  
I ve had enough  
I m not gonna stay

I m sorry for running away like this  
And I m sorry I ve already made my wish  
Ah, But Cinderella s got to go

I m sorry, just trying to live my life  
Don t worry you re gonna be alright...  
But Cinderella s got to go

(whisper)

I used to say I want you  
You cast me in your spell  
I did everything you wanted me to...but now I shall

Break free from all your lies  
I won t be blind, you see  
My love, it can t be sacrificed  
I won t return to thee

I m so sorry  
Ive already  
Made up my mind  
I won t return to thee

I m sorry to say, I m running away now  
Don t worry, you will be alright

I m running away  
I ve made up my mind now  
You re gonna have to let me go..  
coz she s gotta go..

I m sorry for running away like this  
And I m sorry  
I ve already made my wish  
Ah, But Cinderella s got to go  
I m sorry, just trying to live my life  
Don t worry you re gonna be alright...  
But Cinderella s got to go
