Intro: G , D ,Am ,C ,D7

VERSO 1

          G                  D  
There s a girl in the mirror  
          Am                  C  
I wonder who she is  
          G                  D  
Sometimes I think I know her  
          Am                  C          D7  
Sometimes I really wish I did  
Bm                          F#m  
There s a story in her eyes  
                          G#m  
Lullabies and goodbyes  
                                  D#m  
When she s looking back at me  
          Am                  C                  D7  
I can tell her heart is broken easily  
          G                  D  
Cause the girl in my mirror  
          Am                  C  
Is crying out tonight  
          G                          D  
And there s nothing I can tell her  
          Am                  C          D7  
To make her feel alright  
          G                  D  
Oh the girl in my mirror  
          Am                  C  
Is crying cause of you  
          Bm                          F#m  
And I wish there was something  
G#m          Am  C          D7  
Something I could do

O segundo verso segue a mesma sequencia do primeiro.

VERSO 2

If I could  
I would tell her  
Not to be afraid  
The pain that she s feeling  
The sense of loneliness will fade  
So dry your tears and rest assured  
Love will find you like before  
When she s looking back at me

I know nothing really works that easily
