I m dreaming of one kiss from you  
A love long and true  
We ll go on and on and

I don t wanna hear that I m too young  
To know it s love that makes me feel this way  
Cause I don t have to feel the heat of the sun  
To know it s shining on me every day  
When it s warm outside  
And the look in your eyes  
Is longing to show me the way  
I don t want to wait

Just one kiss from you, and suddenly  
I see the road laid out in front of me  
You give me strength, you give me hope  
And when you hold me in your arms  
You make me whole  
And I don t know just what I would do  
Without one kiss from you

I don t wanna hear my time will come  
When it feels like it s already here  
We should learn to walk before we run  
But why go anywhere when you re so near  
Cause when I reach out to you  
So sad and confused  
And feeling like I could cry  
You dry my eyes

Just one kiss from you, and suddenly  
I see the road laid out in front of me  
You give me strength, you give me hope  
And when you hold me in your arms  
You make me whole  
And I don t know just what I would do  
Without one kiss from you

I m dreaming of one kiss from you  
A love long and true

We ll go on and on and  
I m looking for one kiss goodnight  
To last all my life  
On and on and

Just one kiss from you, and suddenly  
I see the road laid out in front of me  
You give me strength, you give me hope  
And when you hold me in your arms  
You make me whole  
And I don t know just what I would do  
Without one kiss from you

I m looking for one kiss goodnight  
To last all my life
