I m dreaming of one kiss from you
A love long and true
We ll go on and on and

I don t wanna hear that I m too young
To know it s love that makes me feel this way
Cause I don t have to feel the heat of the sun
To know it s shining on me every day
When it s warm outside
And the look in your eyes
Is longing to show me the way
I don t want to wait

Just one kiss from you, and suddenly
I see the road laid out in front of me
You give me strength, you give me hope
And when you hold me in your arms
You make me whole
And I don t know just what I would do
Without one kiss from you

I don t wanna hear my time will come
When it feels like it s already here
We should learn to walk before we run
But why go anywhere when you re so near
Cause when I reach out to you
So sad and confused
And feeling like I could cry
You dry my eyes

Just one kiss from you, and suddenly
I see the road laid out in front of me
You give me strength, you give me hope
And when you hold me in your arms
You make me whole
And I don t know just what I would do
Without one kiss from you

I m dreaming of one kiss from you
A love long and true

We ll go on and on and
I m looking for one kiss goodnight
To last all my life
On and on and

Just one kiss from you, and suddenly
I see the road laid out in front of me
You give me strength, you give me hope
And when you hold me in your arms
You make me whole
And I don t know just what I would do
Without one kiss from you

I m looking for one kiss goodnight
To last all my life
