Ooh...

I...

I was the game he would play
He brought the clouds to my day
Then like a ray of light
You came out of the night
Just one look and I knew
You would make everything clear
Make all the clouds disappear
Put all your fears to rest
Who do I love the best
Don t you know
Don t you know

You ve got it all over him
You got me over him
Honey it s true
There s just you
You must have been heaven sent
Hearing me call
You were out on a limb

And you re all that he s not
Just look what I ve got
Cause you ve got it all
Over him
All over
You ve got it all over
All over
You ve got it all over

Now, don t let him worry you so

What s a matter with you
I let go
Oh you can surely see
You re so much more to me

Just one look and I knew
You would make everything clear
Make all the clouds disappear
You re better than all the rest
Who do I love the best
Yeah...
Don t you know
Don t you know

You ve got it all over him
You got me over him
Honey it s true (so true)
There s just you
You must have been heaven sent
Hearing me call
You went out on a limb

And you re all that he s not (all that he s not)
Just look what I ve got (look what I ve got)
Cause you ve got it all (you ve got it all)
All over him

You ve got it all over him
You got me over him
Honey it s true (so true)
There s just you
You must have been heaven sent
Hearing me call
You went out on a limb (out on a limb)

And you re all that he s not (all that he s not)
Just look what I ve got (look what I ve got)
Cause you ve got it all (you ve got it all)
Over him

All over
You ve got it all over
All over (uh, huh)
You ve got it all over
Him...
