

Edge End Of The World
Brock Zanco

So this is my first tab! Hope it helps!

Don't say goodnight
Cuz there's no tomorrow.
You gotta fly
And we'll never have this moment again.

Repeat **C G Em Bm7** for the rest of the song

Standing on the Edge on the Edge of something;

I see it when I look in your eyes.

Baby take my hand cuz it's all or nothing;

This could be the greatest goodbye.

[CHORUS]

Baby Tonight I'm gonna kiss you like the End of the World

End of the World.

Yeah tonight we're gonna kiss like it's the End of the World

End of the World

It's quarter to one

Tomorrow is callin'.

Soon you'll be gone

And will we ever be together again.

Standing on the Edge on the Edge of something;

I see it when I look in your eyes.

Baby take my hand cuz it s all or nothing;

This could be the greatest goodbye.

[CHORUS]

Ooh Ooh We ll make the moment last forever

Cuz baby tonight were gonna kiss like it s the End of the World

End of the World

Oh Oh Oh Yeah-yeah

We re standing on the Edge on the Edge of something.

Yeah Yeah Yeah

Baby take my hand cuz it s all or nothing.

[CHORUS] x2

Ooh Ooh We ll make the moment last forever

Cuz baby tonight were gonna kiss like it s the End of the World

End of the World
