Lovers Spit Broken Social Scene

I m really not sure if this is right. My tab comes out of desperation. I just had

to play this song. If you have a better tab PLEASE post it. Otherwise, enjoy.

is a composite of the song as it appears on You Forgot it in People (also the Wicker

Park Soundtrack) and the alternate version on Beehives.

For the purposes of this tab, G=320010

C Am Fmaj7 G
All these people drinking lover s spit
C Am Fmaj7 G
They sit around and clean their face with it
C Am Fmaj7 G
And they listen to teeth to learn how to quit
C Am Fmaj7 G
tied to a night they never met

С

You know it s time

Am Fmaj7
that we grow old and do some shit
