

Cheating On The Blues
Brooks & Dunn

D
He left you - she left me
D
Drowning in this misery
A7
We stopped living
A7 **D**
When they said goodbye
D
We ve been faithful to these blues
D
But I ve had enough - now how about you
A7
Don t you think we ve earned the right
A7 **D**
To go cheating on the blues tonight

[Chorus]
G
Cheating on the blues tonight
D
Let s go out and do it right
A7
Throw it into overdrive
A7 **D**
And get on down the road
G
Shake it till the break of dawn
D
Party till the heartache s gone
A7
We ll have us a real good time
A7 **D**
Cheating on the blues tonight

[Verse]
D
Pick you up at half past eight
D
You can bet I won t be late
D **A7** **D**
With any luck we ll make the dance by nine
D
We won t talk about the past
D
Let old memories die at last

Have some fun - keep it light
