

Cool Drink Of Water
Brooks & Dunn

[Verse]

G
I bought my girl a diamond, it was our engagement ring
G
She took it to a pawn shop like it didn't mean a thing
G
She went right out and bought herself a brand new party dress
G
She'll be looking good tonight when we go out I guess

[Chorus]

G **C**
She's a cool drink of water
C **G**
She's done hocked the ring I bought her
G **C**
She might be the devil's daughter
C **D7** **G**
But she's a cool, cool drink of water

[Verse]

G
I took her to a night club where we used to go a lot
G
The beer is cold and frosty and the band is blazing hot
G
I went back for a refill and this guy walked up and said
G
There's a blonde out on the dance floor turning everybody's head

[Chorus]

G **C**
She's a cool drink of water
C **G**
And I should run yes, I probably oughta
G **C**
She might be the devil's daughter
C **D7** **G**
But she's a cool, cool drink of water

[Verse]

G
Well I'd had one too many so she took my keys to drive
G
She said we'll have more fun tonight if we get home alive
G
Well that copper clocked her doing ninety in a twenty zone

G
But she didn't get a ticket just the number to his phone

[Chorus]

G **C**
She's a cool drink of water

C **G**
And that old cop, he really thinks he caught her

G **C**
And he just met the devil's daughter

C **D7** **G**
And she's a cool, cool drink of water

[Chorus]

G **C**
Yeah she's a cool drink of water

C **G**
And I should run yes, I probably oughta

G **C**
She might be the devil's daughter

C **D7** **G**
But she's a cool, cool drink of water
