

Ive Got A Lot To Learn
Brooks & Dunn

C D C

 C D
These honky-tonks and bright city lights used to thrill me.
 G C D
I'd paint the yawn and stumble in at dawn.
 C D G
But now there's no one listening for my footsteps.
 C D
And it's why I've been down to one more night alone.

CHORUS:

 C D G
I thought I had her wrapped around my fingers.
 C D G
I didn't think this wish would ever burn.
 C D
I'd always thought she'd take me back.
 G C
But she taught me the cold hard facts.
 D G
When it comes to love, I've got a lot to learn.

C D G

 C D
It never crossed my mind that she might leave me.
 G C D
She did her best to love me till the end.
 C D G
If she were here I know I'd treat her better.
 C D
But I won't ever get that chance again.
