

Lost And Found
Brooks & Dunn

[Intro]

E E E E

[Verse 1]

E **E**
I lost her trail on a Friday night
A **B**
She was gone before I got home
E **E**
She d been getting restless
B **B**
In that big house all alone
E **E**
I ve been up and down these city streets
A **E**
For three nights in a row
A **E**
And lord it s hard to find that girl
B **E**
When she gets the urge to go

[Chorus]

E
It s kinda like a lost and found
B
In a border town
E **A**
Askin bout a diamond ring
E
They just look at you
E
Like you ve lost your mind
B
Say they haven t seen a thing
A **B**
But I know she s been here lately
E **A**
I can still smell her perfume
B **B** **A**
And she gets crazy on a full moon

[Verse 2]
