

Lost And Found
Brooks & Dunn

[Intro]

F F F F

[Verse 1]

F **F**
I lost her trail on a Friday night
Bb **C**
She was gone before I got home
F **F**
She d been getting restless
C **C**
In that big house all alone
F **F**
I ve been up and down these city streets
Bb **F**
For three nights in a row
Bb **F**
And lord it s hard to find that girl
C **F**
When she gets the urge to go

[Chorus]

F
It s kinda like a lost and found
C
In a border town
F **Bb**
Askin bout a diamond ring
F
They just look at you
F
Like you ve lost your mind
C
Say they haven t seen a thing
Bb **C**
But I know she s been here lately
F **Bb**
I can still smell her perfume
C **C** **Bb**
And she gets crazy on a full moon
