[Intro]

D D D D

[Verse 1]

D **D**
I lost her trail on a Friday night
G **A**
She was gone before I got home
D **D**
She d been getting restless
A **A**
In that big house all alone
D **D**
I ve been up and down these city streets
G **D**
For three nights in a row
G **D**
And lord it s hard to find that girl
A **D**
When she gets the urge to go

[Chorus]

D
It s kinda like a lost and found
A
In a border town
D **G**
Askin bout a diamond ring
D
They just look at you
D
Like you ve lost your mind
A
Say they haven t seen a thing
G **A**
But I know she s been here lately
D **G**
I can still smell her perfume
A **A** **G**
And she gets crazy on a full moon
