

Lost And Found
Brooks & Dunn

[Intro]

F# F# F# F#

[Verse 1]

F# F#
I lost her trail on a Friday night
B C#
She was gone before I got home
F# F#
She d been getting restless
C# C#
In that big house all alone
F# F#
I ve been up and down these city streets
B F#
For three nights in a row
B F#
And lord it s hard to find that girl
C# F#
When she gets the urge to go

[Chorus]

F#
It s kinda like a lost and found
C#
In a border town
F# B
Askin bout a diamond ring
F#
They just look at you
F#
Like you ve lost your mind
C#
Say they haven t seen a thing
B C#
But I know she s been here lately
F# B
I can still smell her perfume
C# C# B
And she gets crazy on a full moon

[Verse 2]

F# F#
And I know she ll be coming back
B C#
Her car is waiting right outside
F# F#

But, I don't want to think about
C# C#
Who's taking her for a ride
F#
And her unpredictability
B F#
Is what I love about her best
B F#
Lord I've got to find her quick
C# F#
Before she does something I regret

[Bridge]

B C#
She's out there somewhere
B C#
Burnin' up the night
B C#
Somehow I've got to run her down
Ebm
I'm running out of time

[Chorus]

F#
It's kinda like a lost and found
C#
In a border town
F# B
Askin' bout a diamond ring
F#
They just look at you
F#
Like you've lost your mind
C#
Say they haven't seen a thing
B C#
But I know she's been here lately
F# B
I can still smell her perfume
C# C# B
And she gets crazy on a full moon
