Brooks & Dunn**

Intro

**C G**

Verse

**C**

Oh, off across the room. She sits alone

**C**

Pretty as a picture. Sadder than a sad song

**C**

**G**

Well I ll do what it takes. Try whatever works

**C**

**D**

I can t just sit here, and watch her hurt

Chorus:

**G**

While she sorts out

**D**

Why Mister Right did her wrong

**C**

Give her one more drink

**D**

And a few more songs

**G**

In the barroom haze

**D**

All alone she sits

**C**

Oh, she s about as lonely

**G**

As I m gonna let her get

Oh sittin lonely at the bar

Tryin to drown the past

Starin at her broken heart

At the bottom of her glass

Oh, I don t want to push her

But I can t take much more

Think I m gonna have to step up

And show heartache to the door

Chorus:

While she sorts out

Why Mister Right did her wrong

Give her one more drink

And a few more songs

In the barroom haze

All alone she sits  
Oh, she s about as lonely  
As I m gonna let her get

While she sorts out  
Why Mister Right did her wrong  
Give her one more drink  
And a few more songs  
In the barroom haze  
All alone she sits

**C**

**D**

Yeah, she s about as lonely

**C**

Yeah, she s about as lonely

**D**

As I m gonna let her get
