As I m gonna let her get

Oh sittin lonely at the bar

Tryin to drown the past

Starin at her broken heart

At the bottom of her glass

Oh, I don t want to push her

But I can t take much more

Think I m gonna have to step up

And show heartache to the door

While she sorts out

Why Mister Right did her wrong

Give her one more drink

And a few more songs

In the barroom haze

All alone she sits
Oh, she s about as lonely
As I m gonna let her get

While she sorts out
Why Mister Right did her wrong
Give her one more drink
And a few more songs
In the barroom haze
All alone she sits

As I m gonna let her get
