

You'll Always Be Loved By Me
Brooks & Dunn

Verse 1:

C **G** **F** **G7**
I know forever is a long long time, for a girl to put her heart on the line

C **G** **F**
Trust is a tightrope, we all have to walk, baby don't be afraid, I won't let
G7
you fall.

F **Em7** **Dm7** **G** **G7**
with a little faith, mountains move, you and me, we can't lose.

Chorus:

C **Am** **F** **E7**
You can count on the sun to rise, and the stars to come out at night
F **G** **F** **G7** **C**
As long as there's air to breathe, You'll always be loved by me.

Verse 2:

Love comes, so many times goes, so much out there, we'll never know
Call it faith, call it destiny, I think, We were meant to be.

This old world, it spins so fast, so many things, they just don't last

--> Chorus
