```
          F
e | ---1----1-1----- |
B | ---1----1-1----- |
G | ---0----2-2----- |   x4
D | ---3----3-3----- |
A | ---3----3-3----- |
E | -----          |
```

To create the Intro sound, on the final F chord hammer on your second finger, as above ^

Pretty sure they're all the correct chords - sounds right if you play bar chords and only strum the top 3 strings (E, A and D). Not sure about the final interlude, though.
