One Way Road
Brothers Moving

 [Intro]

```
Am   G    F    C
Am   G    F    Am
(X2)
```

[verse]
```
         Am      G      F        C
Well you step outside, digging a hole
    Am         G        F         Am
The closer you get, the further you go
         Am        G        F      C
And itâ€™s never been easier to disappear
       Am        G       F       Am
Youâ€™re telling to me, you have no fear
```

[chorus]
```
           Am      G       C
And itâ€™s a one way road you say
    Am         G    C
As soon as you run away
  Am        G           Am     F
Thereâ€™s no turning back to eternity
      F       G       C        Am
Itâ€™s a one way road you see
```

[instrumental]

```
Am   G    F    C
Am   G    F    Am
(X2)
```

[Verse]
```
          Am        G         F           C
Then youâ€™re making it back to your old folkâ€™s place
        Am      G         F    Am
Itâ€™s been several years since you ran away
       Am      G      F        C
Youâ€™ve seen no changes, standing outside
   Am       G       F      Am
Behind the walls, there is no light
```

[Chorus]

```
           Am        G        C
And itâ€™s a one way road you say
    Am         G    C
As soon as you run away
 Am         G              Am     F
Thereâ€™s no turning back to eternity
        F         G        C          Am
Itâ€™s a one way road you see

[instrumental]

Am    G    F    C
Am    G    F    Am
(X2)

[verse]
 Am            G              F        C
Spending your time, catching up like down
     Am        G         F        Am
You used to have a lot of people around
     Am        G         F              C
Repeating yourself and the things that youâ€™ve learned
         Am         G         F        C
From the day you were part of this busy-manâ€™s world

[Chorus]
            Am        G        C
And itâ€™s a one way road you say
    Am         G    C
As soon as you run away
 Am         G              Am     F
Thereâ€™s no turning back to eternity
        F         G        C          Am
Itâ€™s a one way road you see

[outro]

Am    G    F    C
Am    G    F    Am
```
