```

Cadd9

I love the pounding of hooves

I love engines that roar

Am

Cadd9

I love the wild music of waves on the shore

Am

C

G

Fmaj7

and the spiral perfection of a hawk when it soars

Cadd9

Am

love my sweet woman down to the core

There s roads and there s roads
and they call, can t you hear it?
road of the earth and roads of the spirit
the best roads of all are the ones that aren t certain
one of those is where you ll find me till they drop the big curtain

Refrain:

G

Hear the wind moan

Am

in the bright diamond sky

Fmaj7

these mountains are waiting

G

brown-green and dry

I m too old for the term

Am

but I ll use it anyway

Fmaj7

I ll be a child of the wind

till the end of my days

Little round planet in a big Universe
sometimes is looks blessed
sometimes it looks cursed
depends on what you look at obviously
but even more it depends on the way that you see
