Em
How happy is the human soul
C
Not enslaved by dull control
Em
Left to dream and roam and play
C
Shed the guild of former days
Em
Walking on the foggy shore
C
Watch the waves come rolling home
Em
Through the veil of pale moonlight
C
My shadow stretches out its hands
Em **D** **G**
And so we lay
C **Em**
We lay in the same grave
D **Em** **D** **A D**
Our chemical wedding day
Em **D** **G**
And so we lay
C **Em**
We lay in the same grave
D **Em**
Our chemical wedding day
Em D C# C D **Em** D C# C **Eb**
Em **C**
Floating in the endless blue
Em **C**
My seed of doubt I leave to you
Em

Let in wither on the ground
 C
 Treat it like plague you found
 Em
 All my dreams that were outside
 C
 In living colour, now alive
 D C
 And all the lighthouses
 D
 Their beams converge
 C D
 To guide me home
 Em D G
 And so we lay
 C Em
 We lay in the same grave
 D Em D A D
 Our chemical wedding day
 Em D G
 And so we lay
 C Em
 We lay in the same grave

 Our chemical wedding day
