A long ways home from Anywhere

B. Robison

tabbed by John Lofgren, Oviedo Fl.

D G D
I love crossing the Mississippi river it runs so wide and deep

A
The sun winks down between the spans at me

D G D
Tugboat sings down low beneath the pop of the pavement breaks

A
Above that old West Memphis reverie

D G D
And I can see me flying down i40, as the camera pulls away

A
And the music swells with possibilities

D G D
And maybe I m just hoping, as i wake up from my dreams

A
Or maybe I just watch too much TV

G D
And I m going to Colorado, living out of my car

Em A
I went off to find myself underneath the western stars

G D G
I ain t going back to Nashville all alone where no one cares,

D A G
And I m a long ways home from anywhere

Steamers puffing pumping money
This ain t the life for me
I ll never make another day s living with my hands
maybe those big old trucks rolling by
Will go back to Tennessee
Tell my daddy that I done the best I can

Chorus:

And I m going to Colorado, living out of my car
I went off to find myself and I found myself in a bar,
I ain t going back to Nashville all alone where no one cares,
And I m a long ways off from anywhere

Some days I drink whiskey and some days I get stoned
And I tell my lies to guys down on the street
And some days I start driving till I just can t drive no more
Then I stop and let some guy tell lies to me

Chorus
