Spit out hungry and born anew
 Daddy drag me to the river tie me in rocks
 Throw me in where it s deep and wide
 I go down, I don t die
 Hole in the river bottom, I crawl through
 Come back kill six brothers and sisters, kill Papa too
 Sway down Mama, sway down low
 They gonna know me wherever I go

Into my bed with her kerosene my mama creep
 Set my flesh to burning, whilst I sleep
 I burn, burn, burn, till my soul burn black
 Black rains fall, I come back, I come back
 Get down Mama, get down low
 They gonna know me wherever I go

16 witches cast 16 spells
 Make me guitar outta skin and human skull
 Sing you a song like the wind in the sandy loam
 Bring you baby out cha your happy home

Ram s head, forked tail, clove hoof, love s my trail
 I sup on your body, sip on your blood like wine
 Out world theirs, this world mine

So kiss me baby till it hurts
God lost in heaven, we lost on earth
Sway down Mama, sway down low
They gonna know me wherever I go (yeah)
Wherever I go (yeah), wherever I go

Well I got a brand new lover
I love her, yes I do
Yeah she s my one and only and her name is Baby Blue
Now baby, baby, baby
Baby, baby, baby, blue
That s right
Whoah, ha!
Well now baby, baby, baby
Baby, baby, blue
