Devil s Arcade
by

I love this song. Off the album Magic , this is my interpretation of the song.
I m
sure this is right.

Guitar 1
Capo 2nd fret

 D Am
Remember the morning we dug up your gun
 C G
The worms in the barrel, the hanging sun
 D Am
Those first nervous evenings of perfume and gin
 C G
The lost smell on your breath as I helped you get it in
 Em C
The rush of your lips, the feel of your name
 Em G D
The beat in your heart, the devil s arcade

 D Am
You said Heroes are needed, so heroes get made
 C G
Somebody made a bet, somebody paid
 D Am
The cool desert morning and nothing to save
 C G
Just metal and plastic where your body caved
 Em C
The slow games of poker with Lieutenant Ray
 Em C
In the ward with the blue walls, a sea with no name
 Em G D
Where you lie adrift with the heroes of the devil s arcade

 C Em
You sleep and you dream, your buddies Charlie and James
 Em G D
And wake with a thick desert dust on your skin
