You can hear them crying

G Bm C C/B C/A C/G

Good god, i think they re dying

Same chords for the rest of the song...

When them rangers down in dallas

Had all, but given it up and left

And those that hang on hoping

Was trying their best to, to forget

The way those outlaws and desperadoes

Right from the cheapest to the best

Rode in on ponies made of skin and bones

Keep up their rusty guns and went back home

And the governor was sent down from population control

And marshall all was past

Riverboat gamblers put their money on faith

For the time for hope they passed

In the cold blue light of the desert night
There was a thousand starry ships
And men came down from still i don t now where
With death on their fingertips
Now there s no more kings in texas
I swear they rounded up each and everyone
And old atlanta canastoga
Reached from the rocky mountains into the old dead sun
Now anna maria walks the blames alone
The last of a struggling people
She thinks of all those outlaws who wanted to reach for the skies
And got stuck up on a steamboat
Oh, you can hear them crying

Good god, i think they re dying
In the wind you can hear them sighing
