

I Wish I Were Blind
Bruce Springsteen

[Intro]

G

[Verse]

G **C**
I love to see cottonwoods blossom in the early spring
D **G**
I love to see the message of love that the bluebird brings.
C **D** **G** **Em**
But when I see you walking with him down along the strand
C **D** **G**
I wish I were blind when I see you with your man.
G **C**
I love to see your hair shining in the long summer s light.
D **G**
I love to watch as stars fill the sky on a summer night.
C **D**
Music plays, you take his hand,
G **Em**
I watch how you touch him as you start to dance
C **D** **G**
And I wish I were blind when I see you with your man.

[Chorus]

C **D** **G**
We struggle here but all our love s in vain
C **D**
Well, these eyes that once filled me with your beauty
G **C** **G C**
Now fill me with pain.
C **D**
And the light that once entered here
G **Em**
Is banished from me.
C **D**
Oh, and this darkness is all baby that my heart sees.
C
And though this world is filled with the
D **G** **Em**
Grace and beauty of God s hand,
C **D** **G**
I wish I were blind when I see you with your man.
