G
I m riding down Kingsley,
C
Figuring I ll get a drink
G
Turn the radio up loud,
D C D
So I don t have to think,
G
I take her to the floor,
C
Looking for a moment when the world seems right,
Am
And I tear into the guts,
C D7 G
Hmmm of something in the night

You re born with nothing,
C
And better off that way,
G
Soon as you ve got something the send
D C D
Someone to try and take it away,
G
You can ride this road till dawn,
C
Without another human being in sight,
Am
Just kids wasted on
C D7 G
Hmmm something in the night

D
Nothing is forgotten or forgiven,
C C G C G
When it s your last time around,
D
I got stuff running around round my head
C D7 D
That I just can t live down

G

When we found the things we loved,

C

They were crushed and dying in the dirt

G

We tried to pick up the pieces,

D

C D

And get away without getting hurt,

G

But they caught us at the state line,

C

And burned our cars in one last fight,

Am

And left us running burned and blind,
