

The Way

Bruce Springsteen

Tuning: Standard

Chords:

C 0 3 2 0 1 0
G 3 2 0 0 0 3
F 1 3 3 2 1 1
G* 3 5 5 4 3 3

The alternate G (with the asterisk *) sounds better when you are coming from the F, so just keep your fingering and slide up 2 frets from F to G. I just think the fuller sound works better for this song.

 C G C
The way your heart beats when I hold you tight
 F G* C
The way you sigh when we kiss goodnight
 F G* C
The way the wind blows through the trees
 F G* C
Well hey, that s the way you belong to me

 C G C
The way you warm me baby when I m cold
 F G* C
The way you make me want you body and soul
 F G* C
The way the rivers run to the sea
 F G* C
Well hey, that s the way you belong to me

[The rest of the song is the same chord progression and timing.]

The way you soothe me when I m in pain
The way you make the blood rush in my veins
The way the winds rush through the trees
Well hey, that s the way you belong to me

When I lose faith you take my hand
The way you make me feel like I m a man
The way the sun belongs to the sea
Well hey, that s the way you belong to me

The way you make me feel like I belong
And if I could girl though I know it d be wrong
Iâ€™d lock you deep inside
till the last rains fall
And hide you from the emptiness of it all

Sometimes at night I lie awake
I pull you close and feel each breath you take
The way the rivers belong to the seas
Well hey, that s the way you belong to me
Well hey, that s the way you belong to me
