BRUCE SPRINGSTEEN:

WHAT LOVE CAN DO

From the Album: Working On A Dream

**Em** **Dsus2** **G** **C**  
There s a pillar in the temple where I carved your name

**Em** **Dsus2** **Em**  
There s a soul sitting sad and blue

**Em** **Dsus2** **G** **C**  
Now the remedies you ve taken are all in vain

**Am** **Dsus2** **C**  
Let me show you what love can do

**Am** **Dsus2** **C**  
Let me show you what love can do

**Em** **Dsus2** **Em** **G**  
Darling I can t stop the rain

**Em** **Dsus2** **G**  
Or turn your black sky blue

**Am** **Dsus2** **C**  
Well let me show you what love can do

**Am** **Dsus2** **C**  
Let me show you what love can do

**Em** **Dsus2** **G** **C**  
Well now our truth lay shattered, we stood at world s end

**Em** **Dsus2** **Em**  
As the dead sun rose in view

**Em** **Dsus2** **G** **C**  
Well if any of this matters, a kiss my friend

**Am** **Dsus2** **C**  
Let me show you what love can do

**Am** **Dsus2** **C**  
Let me show you what love can do

**Em** **Dsus2** **Em** **G**  
Darling we can t stop this train

**Em** **Dsus2** **G**  
When it comes crashing through

**Am** **Dsus2** **C**  
But let me show you what love can do

**Am** **Dsus2** **C**  
Let me show you what love can do

bridge:

**D** **C** **Bm**  
On the bench you lie on all its nails and rust  
**D** **C** **Bm**  
And the love you've given's turned ashes and dust  
**D** **C** **Bm**  
When the hope you've gathered's drifted to the wind  
**D** **C**  
It's you and I now, friend (you and I now, friend)  
**D** **Bm**  
You and I now, friend

Let me make this vow to you  
**Em** **Dsus2** **G** **C**  
Here where it's blood for blood and an eye for an eye  
**Am** **Dsus2** **C**  
Let me show you what love can do  
**Am** **Dsus2** **C**  
Let me show you what love can do

Here we bear the mark of Cain  
**Em** **Dsus2** **G**  
But let the light shine through

Let me show you what love can do
