Song-Waikiki You & Me  
Band-Bruda Doug  
Album-Aloha Hello, Aloha Goodbye

versel

                  C                  C                  G F          C C G F  
well, I was walkin on the beach with you- the other day  
                  C                  C                  G F          C C G F  
and I thought about the main-land cruise- darling  
                  C                  C                  G F          C C G F  
and how you d be leaving everything you knew  
                  C                  C                  G F          C C G F  
a less simple life, simply me and you

chorus

          G                  C                  C\*\*\*\*  
I guess you just trust me so  
F                  G                  C C\*  
how much, I ll prob ly never know  
                  G                  C                  C\*\*\*\*  
But the faith I have in you goes  
                  G                  C                  [C C G F] 2X  
to the heavens where I blow my smoke

verse

                  C                  C G F          C C G F  
well, I was lyin in my room alone- last night  
                  C                  C                  G F          C C G F  
rememberin when it was me who was leavin home  
C                  C                  G F          C C G F  
such a distance, at times you might feel alone  
                  C                  C                  G F          C C G F  
just you and me in Waikiki and now its time to go  
[chorus]

bridge:

F                  F  
Honolulu Beach with you  
F                  F  
warm Hawai ian nights- everybody and you  
G                  F  
pink pastels paint a sky of blue  
                  G                  G  
the sunset animates the ocean too
