Here I ve, come to rest my head, I know that
C F G
you tried, a different kind of life only
C F G
to find, that complications can find the better
C F G
some times, and darlin you need to be:

C G Am F
Where you belong, sev ral thousand miles away you
C G Am F
call your home, a few months will pass, but you know we ll last, and
C G Am F
before too long, you ll realize that it s wrong to be apart
C G Am F [C C Am Am]
and you re in my arms..forever

C F G
So fare, for a while on the island and I ll
C F G
be there, where our lives will come together, you know
C F G
I ll be there, when I ve saved up enough, you know its
C F G
not fair, it s hard to live without each other..[chorus]

bridge:

F G Am
Always isn t ever what it seems
F G C
I ll live with you forever in my dreams
F G Am
I think and somehow I believe
F G [C C F G]
That you would be happier with me
