Verse 2: (repeat **Em - Bm - D - A**)

Am I crazy or just human
Is this what heartbreak is
What should I be doing

she haunts me like a nightmare, her image is everywhere
she doesn't leave me alone
I can't escape her or erase her
When I know she's not coming home

Refrain: (repeat **Em - Bm - D - A**)

I can't understand where I went wrong
I can't understand where her love has gone
I don't know where I belong
My world is over
When life goes on and on and on (her world goes on)
When life goes on and on and on (my world is gone)

My world is over while her world goes on
I can't understand where I went wrong
I can't understand where her love has gone
I don't know where I belong
My world is over

When life goes on and on and on (her world goes on)
When life goes on and on and on (my world is gone)
