

## Never Close Our Eyes

Bruno Mars

Hey guys! This is my first tab so please tell me if I've made mistakes or if you've got ways to improve.

You will need a capo on the 6th fret.

Chords: **Am, G, D, C, E, F**

Chorus:

**Am**                    **G**                    **D**  
I wish that this night would never be over  
                 **Am**                    **G**                    **D**  
There's plenty of time to sleep when we die  
                 **Am**                    **G**                    **D**  
So let's just stay awake until we grow older  
                 **C**                    **E**                    **F**                    **E**                    **D**  
If I had my way we'd never close our eyes, our eyes  
  
Never!

Verse:

**Am**                    **G**                    **D**  
I don't wanna let a minute get away  
**Am**                    **G**                    **D**  
Cause we got no time to lose  
**Am**                    **G**                    **D**  
None of us are promised to see tomorrow  
**Am**                    **G**                    **D**  
And what we do is ours to choose

Forget about the sunrise  
                 **G**  
Fight the sleep in your eyes

I don't wanna miss a second with you  
                 **F**  
Let's stay this way forever  
                 **G**                    **D**  
It's only getting better if we want it to  
  
You know that
