I will break these chains that bind me, happiness will find me  
**F**  
Leave the past behind me, today my life begins  
**C** **G** **Am**  
A whole new world is waiting it s mine for the taking

I know i can make it, today my life begins

Yesterday has come and gone  
**F**  
And i ve learnt how to leave it where it is

And i see that i was wrong  
**F**  
For ever doubting i could win

**Dm** **Em**  
Ohh just like all the seasons never stay the same  
**F** **G**  
All around me i can feel a change (ohh)

**C** **G** **Am**  
I will break these chains that bind me, happiness will find me  
**F**  
Leave the past behind me, today my life begins
