**Em** **G** **C**  
I want to be in love with you forever

**G** **C**  
Forget about the childish doubts, my silence when we talk about  
**Em** **C**  
you going somewhere without me  
**G** **C**  
Every Sunday evening time, you pack your bags and we leave mine,  
**Em** **C**  
I purposely leave late and hope your bus comes early

Pre chorus:

**A** **C** **G**  
There s so many things that ll stop us from staying together

**Em** **G** **C**  
But I want to be in love with you forever

**Em, G, C**

**G** **C**  
If I drew up a contract would you sign and agree to share your life with mine  
**Em** **C**  
Or would the romance die in that split second  
**G** **C**  
I want to stay in this paradise, quoting you lyrics every night  
**Em** **C**  
Not telling you which ones that I wrote myself  
**A** **C** **G**  
about the oh so many things that ll stop us from staying together  
**Em** **G** **C**  
But I want to be in love with you forever
