Verse 1:
Life, thin as a thread;
sometimes you re lucky, sometimes you re better off dead
Your first breath is taken and into the world you are cast
You long for tomorrow while living each day as your last
        F#m E/A
Well, I know what your heart desires
        F#m
                               E/A
But you can t take it with you

Into the fire

Verse 2: (same as before)
Now you ve done all you can
Your life s at the crossroad, you watch as it slips through your hands
So stand on the mountain and shout in vain at the sky
But nobody hears you, the words only echo inside
Oh shelter the flame, it may expire
Risin up from the ashes
Into the fire
          F#m
                       E/A
Just hold onto your life - down to the wire
Oh, out from the dragon s jaws
          R
Into the fire

                                A/B
There s a moment in every man s life
When he must decide what is wrong and what s right
G/B
You could wait for your dreams to come true
    A/B
But time has no mercy, time won t stand still for you...

Well, I know what your heart desires

Crawlin out from the wreckage
