Rebel
Bryan Adams
     Eb/F#
             G#
Well he made his way back to the old town,
                G#
And everything looked just the same,
The shops and the schools and the factories were there,
     C#4/9
                          Bb4
But somehow the faces had changed.
     Eb/F#
                  G#
                               Eb/A
So he went for a walk in the high street,
                     G#
                                          Bb4
                                                Rb
Took his coat off and rolled up his sleeves,
                                Cm
He thought of his father and his father before him,
      C#sus2
                                 Bbsus
                                         Bb
And how he was the first one to leave.
        Eb/F#
                     G#
Well he didn t come here for forgiveness,
      Eb/F#
               G#
                            Bb4
There isn t a lot they can say,
                        C#
Cause I remember the reasons he first ran away.
Chorus:
      Eb5
             Eb/E Eb/F# G#sus
He s a rebel,
             Eb/E Eb/F# G#sus
       Eb5
Just a rebel,
       Eb5
                    Eb/E
Got his back to the wall,
Eb/F#
       G#4
Gonna fight till he falls,
       Eb5
             Eb/E Eb5/F#
He s a rebel.
      Eb/F#
                  G#
Don t ever look back - don t surrender,
                             Bb4
                     G#
                                            Bb
The old men say they ve seen it before,
Oh they drink their beer and they talk about friends,
Who didn t come back from the war.
                     G#
Don t say he s too young to remember,
               G#
Don t tell him what s wrong or what s right,
```
