INTRO: **G#m   F#/B   B** (2x)

```
          B                        F#
When you love someone, you ll do anything
         B/E                        E
You ll do all the crazy things that you can t explain
     B/G          G#m        E          F#
You ll shoot the moon,  put out the sun
              B           ( F#   G#m   F#/B )
When you love someone
```

```
          B                  F#
You ll deny the truth, believe a lie
          B/E                                   E
There ll be times that you believe that you could really fly
     B/G          G#m        E          F#
Your lonely nights   have just begun
              B
When you love someone
```

```
          G#m      F#/B          B            E
When you love someone   you feel it deep inside
   G#m           F#/B        B                E
And nothin  else    could ever change your mind
         C#m                      E
When you want someone, when you need someone
       F#4         F#
When you love someone

When you love someone, you ll sacrifice
       B/E                              E
Give it everything you ve got and you won t think twice
       B/G          G#m          E              F#
