

All I Want Is You
Bryan Ferry

E

A

Somebody told me

G

Just the other day

D

That you re leaving me

E

We re through

Well if you knew

How it hurt me so

Then you d changed your mind

I m sure

Don t want to hear

What s going on

I don t care

What s new

A

Don t want to know

G

About anything

D A

Cos all I want

D

Is you

Bm

F#

Going out with other girls

Bm

A

Was always such a bore

Bm

G

But since I fell in love with you

D

E

I need you more and more

Don t want to know

About one-night-stands

Cut-price souvenirs

All I want is

The real thing

And a night that lasts

For years.

If you ever change your mind

I ve a certain cure

An old refrain, it lingers on
L amour, toujours l amour...

Don t want to learn
About etiquette
From glossy magazines
Why should I try
To talk correct
Like they do
In other scenes
Say no more about imagery
You re starting to confuse
Just make an offer
Of more romance
Of course I can t refuse
All I want is you
Oo oo I m all cracked up on you.
