

**Another Time Another Place**  
**Bryan Ferry**

*Intro:*

**A G E F# D# F**

*Verse*

**A** **G** **E** **F#**  
I knew there d be times like this when I d sit at home and reminisce  
**D#** **F**  
Oh, how one s memory slips  
**A** **G** **E** **F#**  
So I close my book and sighing, take a second look  
**D#** **F**  
Sure enough - I m quite alone  
**A** **G** **E** **F#**  
Still, there s no sound, so I spin-a-disc around and round  
**D#** **F**  
And slide the needle in the groove...

*Pre-Chorus*

**A** **G** **D** **A**  
Drive down any highway, baby, but don t bid me adieu  
**A** **G** **D** **A**  
Through a sea of twisting byways I ll be trailing you  
**A** **G** **D** **A**  
Eternity will solve our problem, take it as you may  
**A** **G** **D** **A**  
And destiny will stand corrected, should we connect some day

**A** **D**  
Another time to spend  
**A** **D**  
Another place to go  
**A** **D** **E**  
Another love to share with you

*Pre-Chorus*

**A** **G** **D** **A**  
Deep emotion springs from this life, wells up inside  
**A** **G** **D** **A**  
Quick, pick me up and pour me over, the clouds crying by

*Interlude*

**Bb G Bb G D B G E**

Solo

A# D# A# D#

A D  
Another time to spend

A D  
Another place to go

A D E  
Another love, this time it s true

*Pre-Chorus*

A G D A  
Anyway you want me, lover, used to be your tune

A G D A  
I looked you up, you looked me over, my lucky strike won through

A G D A  
I was cut, dried and discarded, just a rusty blade

A G D A  
But since I ve found my four leaf clover, I ve seen the light again

*Interlude*

A G E F# D# F

*Outro*

A G E F# D# F A  
All the tears in the world seem to fall from you

A G E F# D# F A  
At their rainbow s end a halcyon day or two

A G E F# D# F A  
How soon we fool ourselves, how slow we tread

A G E F# D# F A  
Astral planes collide head on, and on and on we glide

A G E F# D# F A

As if forever

A G E F# D# F A

Aaaahhhh

A G E F# D# F A

Aaaahhhh
