So you say

                          E   **C#**
You re living just for fun
(**C#**)   **G#m**
Isn t it enough?

So you say
You wait o will it come
Isn t it enough?

You a prisoner of loving
You re chained and bound

I could never be the one
In the moonlight and the sun

C#   **G#m**
O Mamouna Mamouna run |x4

You and me
We re just like night and day
The here and now
The ghost of yesterday

Hack and tear
We re prisoners of loving
We re chained and bound

There s a road I ve got to take
A thread you got to break

C#   **G#m**
O Mamouna Mamouna run ... to fade
