Intro: **D**

//Verse 1

D

Started out with nothing but a

G

Beat up car and a new beginning

C

G

D

And inside everything seemed out of reach

D

Saw you there and you filled my eyes

G

Sent shivers up and down my spine

C

G

D

I knew right then that you were meant for me

Oh yeah

//PreChorus 1

Bm

I drive all night

A

Thought about those days

G

When the life I loved started slipping away

Bm

A

Stayed on track and I don't look back

C

G

It took so long just to get it started

//Chorus 1

D

Bm

Give me what I want

A

G

It's all about love and not about money

D

Bm

I don't want to stop

A

G

I'll never give up it's sweeter than honey

Bm

A

I can't be here by myself

G

C

Cause to me there s no one else

D **A**

You re as pretty as a rose

G **D**

I can t live without you

//Verse 2

Back out on the road today

The semi trucks and the nights on stage

I got so many good time memories

Left a lot friends behind

And still I kept this dream alive

To live the life I feel inside of me

Oh Yeah

//PreChorus 2

I drive all night

Thought about those days

When the life I loved started slipping away

Stayed on track and I don t look back

It took so long just to get it started

//Chorus 2

Give me what I want

It s all about love and not about money

I don t want to stop

I ll never give up it s sweeter than honey

Bm **A**

I can t be here by myself

G **C**

Cause to me there s no one else

D **A**

You re as pretty as a rose

G

I can t live without you

//Bridge

G

I can t stop thinking about you

A

I can t stop thinking about you (a brief solo)

//PreChorus 3

I drive all night

Thought about those days

When the life I loved started slipping away

Stayed on track and I don t look back

It took so long just to get it started

//Chorus3

Give me what I want

It s all about love and not about money
I don t want to stop
I ll never give up it s sweeter than honey

I can t be here by myself
Cause to me there s no one else
You re as pretty as a rose
I can t live without you

(and end on **G**)
