Making Your Mind Up

**G**

1. You got to speed it up

And then you gotta slow it down

**C**

Cos if you believe that a love can hit the top

**G**

You gotta play around

**D**

But soon you will find that there comes a time

**G**

For making your mind up

2. You got to turn it on

And then you got to put it out

You got to be sure that it s something

Everybody s gonna talk about

Before you decide that the times arrived

For making your mind up

PIEDZ

**C** **D** **G**

Don t let your indecision

**C** **D** **G**

Take you from behind

**C** **D** **G**

Trust your inner vision

**C** **D** **D#**

Don t let others change your mind

1 capo higher

3. And now you really got to burn it up

And make another fly by night

Get a run for your money and take a chance

And it ll turn out right

And when you can see how it s got to be

You re making your mind up

4. And try to look as if you don t care less

But if you want to see some more

Bending the rules of the game will let you find

The one you re looking for

And they can show that you think you know

You re making your mind up

CHORUS

Don t let your indecision  
Take you from behind  
Trust your inner vision  
Don t let others change your mind

5. And now you really got to speed it up  
And then you gotta slow it down  
Cos if you believe that a love can hit the top  
You gotta play around  
But soon you will find that there comes a time  
For making your mind up

6. And now you really got to speed it up  
And then you gotta slow it down  
Cos if you believe that a love can hit the top  
You gotta play around  
But soon you will find that there comes a time  
For making your mind up

**G**

For making your mind up  
For making your mind up  
For making your mind up G
