Capo I
Key: **G#**

Intro: **Em-C-G-D**

Em **C**
I was standing in the pouring rain one dark November night,
Em **C**
Fighting off the bitter cold when she caught my eye,
Em **C**
Her face was taught and her eyes were filled, and to my surprise
Em **D**
She pulled out a photograph and my heart stopped inside,
Am **Bm** **C**
She said, "he would've been three today,
Am **Bm** **C**
I miss his smile, I miss his face",
Am **Bm** **C**
What was I supposed to say, but

Chorus:

G **D** **C**
I believe always, always
Em **D** **C**
Our savior never fails
G **D** **C**
And even when hope is gone
Am **C**
God knows our pain and his promise remains
Em **D** **C** **G** **D**
He will be with you always.

Em **C**
He was living in a broken world, dreaming of a home
Em **C**
His heart was barely keeping place when I found him all alone
Em **C**
Remembering the way he felt when his daddy said goodbye
Em **C**
Fighting just to keep the tears and the anger locked inside
Am **Bm** **C**
He's barely holding onto faith
Am **Bm** **C**
But deliverance is on its way cause

(Chorus)

Friend, I donâ€™t know where you are and I donâ€™t know where youâ€™ve been
C D
Maybe youâ€™re fighting for your life or just about to throw the towel in
Am Bm
But youâ€™re crying out to mercy, if thereâ€™s no help left at all
C D
If youâ€™ve given everything youâ€™ve got and youâ€™re still about to fall
Am Bm C D
Well hold on, hold on, hold on, cause

(Chorus)
