loneliness is getting hard to perceive
seems it never comes or it never leaves
every day we step into some deceit
this should bring the ill-defined to their feet

it s forgiven

it s for you
all your problems
will come true
said it once
I ll say it once again
this won t make you happy

E Amaj7

all I want is you to make up your mind
to come on down and linger here for a while
all I know is what I wanted to say
disappeared and has yet to be replaced

it s forgiven
it s for you
all your problems
will come true
it s already done
it s already done
it s already done
