In the morning  
Feeling half right  
If it was more than just one day  
I d feel alright

Today is flat beneath the weight  
of next day, next day, next day, next day

**F            C            G F**

In the morning  
Feeling half right  
Ignore my condition  
Just an isolated incident

Instrumental like verse

In the morning  
Feeling half right  
Appearing normal  
another isolated incident

**A            A/G#            D/F#**

When my mind s uncertain my body decides  
What it will do to get through the hell of the night  
As I trip on the ocean that leads through your eyes  
Well my eyes can t wait till they finally see through you

When I get this feeling like I m gonna start I just have to stop
