Dmaj4 x00324

C
Waiting
 Am
For our answers
 Em
This cancer s
 Fmaj7
Common as sand

What happens
Here stays here
 Cause no one
Anywhere else gives a damn

G **Dm** **Am**
All said and done
Fmaj7 **C** **C/B**
Who s gonna bother remembering
Em **G** **Am**
All dead and gone

C **Am** **Em**
Em **G** **F**
F **G** **C** **Dm**
F **G** **Em**

C **Am** **Em**
Like anyone assuming
 G **F**
They know what makes us tick
F **G** **C** **Dm**
I was just as wrong as I could be
 F
Only knowing that
 G **Em**
Explained a lot

The more you have to live for
The more you love your life
The harder it will be for you to die
And we all want
Living and

Dying easy

F#m **Bm**
Feels like eternity
A **A/G#**

But it s just one lifetime

F#m **Bm**
How can a love that
A **A/G#**

Unforbidden be so strong

F#m **Bm**
There s something wrong with me

E **D** Dmaj4
I try to forget

F#m Bm A A/G#
F#m Bm A A/G#
F#m Bm E

D
I try to forget

Bm
But my memory

E
Won t fail me now

It s wonderful and scary
Knowing what s alive
A tree, a rock, a turtle, or a thought
That s what makes me wanna
Never die

At least we have tomorrow
If we have tomorrow
Tomorrow s just a day beyond today
If tomorrow
Comes tomorrow

Feels like eternity
But it s just one lifetime
How can a love that
Unforbidden be so strong
There s something wrong with me

E **D** **A**
I try to forget

F#m **D**
I try to forget

Bm **A**
I try to forget

F#m **D**
I try to forget

Bm
I try to forget
