Tag:

Am **C** **G**
And you are, all I need
Am

Crying.

Am C G

And you are, all I need

Am C G Am

Crying.

I finish the end with these chords slow

Am C G C C

The little c is another way to do a c chord.

it s the third fret on the top E sting and 2nd fret A string

Then 1st fret b string.

It s like a G7 just bring up your finger to the B string and you ll figure it out.

This is the best way I knew to do the song if anybody has something better let me know.
